NO
OK
GOOD
AWESOME

There will be a tablet size screen and sensor on a supermarket cart. The cart can recognize the merchandises that you put in, list them all and calculate the total price for you. It can also help to shorten the check out time by placing the machine at the cashier. No more price checker!!! No more scanner!!!

Life Band

N-O-NO
NO
OK
GOOD
AWESOME

This band will be paired with an app that can be accessed on the mobile, tablet or desktop. It helps the family to monitor the health condition of who they care about. Wearing the band near the pulse on wrist, it helps to check the heartbeat. Another function is life alert. It can notice the emergency contact persons and dial 911 in case of anything happened. It may be also used by any people with chronic diseases.

Teeth Trac

N-O-NO
NO
OK
GOOD
AWESOME

An app that pairs up with a toothbrush. It can track your teeth condition everyday when you brush your teeth. The app will show you the cleanness of your teeth. It can also help you to find out decayed teeth and wisdom teeth.

Scool

NO
OK
GOOD
AWESOME

Scool is an app to help students to manage their class schedule, midterm and final test date, units completion and GPA level. They can simply type in their school names and classes numbers and the schedule will generate automatically. It will show the time gaps between classes, then student can manage their time wisely and max out the thing that they can do within a limited time and tight schedule. Students can add their own events in the time gap to remind them what they need to do next.

Translator Camera

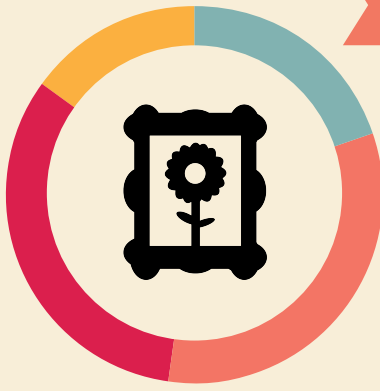

N-O-NO
NO
OK
GOOD
AWESOME

You can use your camera function on your smartphone or tablet to get a word translated instantly. Just simply use your phone and shoot a pic on the words/ sentences that you want to translate, the app will translate it within a second and can show you additional information or photos about those words/ sentences. For example, it is really useful when you dine in at a foreign restaurant. When you totally have no idea about what the name of the food is like and do not want to embarrass yourself by asking your friends or servers, translator camera can help you to translate the menu to your languages.
